VM  
CORPORATION

The first advanced cosmeceutical system  
**ULTRA INTENSIVE**  
with *PDRN, Synthetic Exosomes*  
and *vegetable Stem Cells*

**V-TECH SYSTEM** is the perfect treatment to stimulate skin rejuvenation  
right from the first application

**TISSUE REGENERATION TECHNOLOGY**

# V - T E C H S E R U M

---

## **BIOLIFTING**

---

- High molecular weight polynucleotides •
  - 2% (20mg/ml) •
  - Synthetic exosomes •
  - Oligopeptide 20 •
  - Acetyl decapeptide 3 •
  - Vegetable Stem Cells •

# V - T E C H

G E L M A S K

## BIORESTRUCTURING & MOISTURIZING

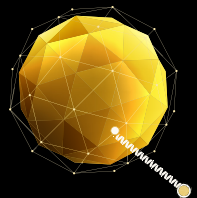

- Low molecular weight polynucleotides 1% ●
- Acetyl heptapeptide 9 **GOLD CARRIER** ●
  - Copper Tripeptide 1 ●
- Polysaccharides purified from snail slime ●
- Free Hyaluronic Acid Low Molecular Weight ●
  - Aloe vera ●

**SELF ABSORBABLE, NO RINSE**

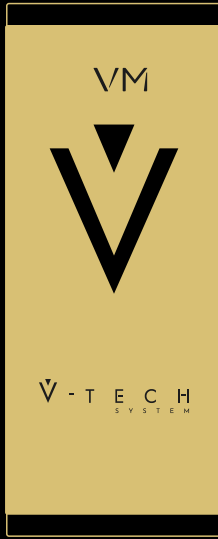

ACETYL HEPTAPEPTIDE 9 **GOLD CARRIER**

### CLINICALLY PROVEN EFFECT:

- Increase of the proteins of the extracellular matrix
- Increased cell turnover
- Relaxing effect on skin lines and wrinkles

# THE KIT

5 VIALS OF **V-TECH SERUM** OF 5ml

5 POUCHES OF **V-TECH GEL MASK** OF 5ml

VM

V V SYSTEM

# APPLICATION PROTOCOL

Phase 1: Application of **V-TECH SERUM**  
Phase 2: Application of **V-TECH GEL MASK** without rinsing

Normally 2 ml of **V-TECH SERUM** are sufficient for each area (face-neck-décolleté) and about 2 ml of **V-TECH GEL MASK** to be applied on the same area by massaging, leaving on until completely absorbed

**ONE SESSION EVERY 14 DAYS FOR 4 CONSECUTIVE SESSIONS**

We suggest one maintenance session every 2 months to optimize results

## NUCLEOTECH L I F T I N G

The synergistic action of polynucleotides, synthetic exosomes with polypeptides and moisturizing and emollient principles

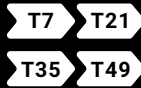

# COMBINED APPLICATION PROTOCOL

## V CARBON SYSTEM

### Protocol

for oily/acneic/comedonic skin

V Carbon System  
Application time  
5/7minutes

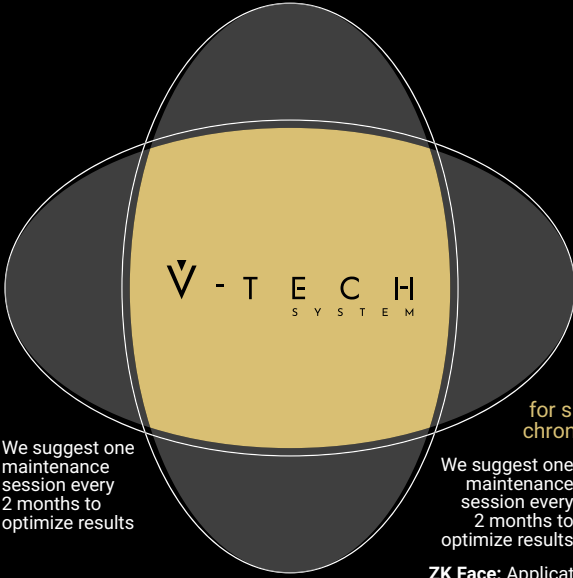

We suggest one maintenance session every 2 months to optimize results

### Protocol for Dry Skin

We suggest one maintenance session every 2 months to optimize results

### Protocol

for skin with advanced  
chrono and photoaging

We suggest one maintenance session every 2 months to optimize results

ZK Face: Application time 5/7minutes

## V METALL SKIN SYSTEM

### Protocol

for asphyxiated and thin skin

We suggest one maintenance session every 2 months to optimize results
